

# Terror of the Legions

## A small player expansion for "Struggle for Rome"

### Additional game rules

#### Preparation:

Print out this page and cut out the 3 adjacent special victory cards (front and back sides). Glue together the front and back sides of the cards, thereby producing 3 cards that show the colored "Terror of the Legions" illustration on the front and the white card with the map of Italy on the back of the cards.

The game board accommodates 4 spaces for special victory point cards. Per usual, place the special victory point cards "Scourge of Rome", "Heir to Rome" and "Diplomacy" on 3 spaces.

Place the "Terror of the Legions" cards on the fourth space.

#### Conquer the cities with the Roman Eagle Standards

Each province has two cities with Eagle Standards. As soon as you have conquered 3 cities with Eagle Standards, you may take 1 "Terror of the Legions" special victory card. If you have conquered 6 cities with Eagle Standards, you may take an additional "Terror of the Legions" card.

#### End of the game

The game ends, when a player has 11 or more victory points (instead of the usual 10) at the end of a round.

#### Note

This player expansion broadens the tactical and strategic realm of possibilities in a game of "Struggle for Rome". It is recommended to incorporate this expansion only after having played the regular version 2 or 3 times beforehand.

#### Printing Instructions

Please ensure that the size of the print-out will neither be scaled up nor down. You will find options in the print dialog of your Adobe Reader like "page size", "page adjustment", "shrink" or "enlarge". Please turn off all these additional options.

After the print the cards should be sized **44x67 mm** (or **1.73x2.64 inches**) with rounded corners.
