EXPANSION

COMBINING FISHING ON CATAN WITH BARBARIAN ATTACK

SETUP

Create the board using both the Fishing on Catan and Barbarian Attack setup instructions. Do not include the lake hex.

RULES

The game is played normally, using all the rules from both scenarios, with the following changes.

- You may not pay 2 fish to remove the robber from the board because there is no robber in the game. Instead, you may pay 2 fish to move one of your knights up to five edges, just as if you had paid 1 wheat.
- You may not spend fish tokens to build on the edge of a conquered hex.
- Conquered buildings do not receive production from fishing grounds.

WINNING THE GAME

If you have **12 or more VPs** at any point during your turn (**13 VPs** if you have the old boot), the game ends and you are the winner!
