EXPANSION

## COMBINING MERCHANT TRAINS WITH BARBARIAN ATTACK

### SETUP

- Create the board according to the Barbarian Attack setup instructions. Replace the desert hex with the watering hole.

### RULES

- The game is played normally, using all the rules from both scenarios.
- The placement of the watering hole along the coast means that there are only two locations for starting a merchant train.
- Barbarians do not affect the placement of wagons.

### WINNING THE GAME

If you have **12 or more VPs** at any point during your turn, the game ends and you are the winner!
