# CATAN®

## TRADERS & BARBARIANS

EXPANSION

## COMBINING RIVERS OF CATAN WITH MERCHANT TRAINS

### SETUP

- Return 2 hills, 2 pastures, 1 field, 2 mountains, and the desert to the box. They are not used in this scenario.
- Place the 2 river tiles as shown in Rivers of Catan. Place the watering hole at the center of the island. Randomly place the remaining hexes to finish creating the island.
- Before placing the number discs, set aside the number 2 disc and the number 12 disc. Then place the remaining discs as normal, starting in a corner, and skipping over the swamps. Finally, place the number 2 disc on one of the number 3 hexes and the number 12 disc on the other number 3 hex. Those hexes produce when either of their numbers is rolled.

### RULES

The game is played normally, using all the rules from both scenarios.

Wagons may be placed on bridge building sites, whether there is a bridge there or not. Wagons treat bridges the same as roads.

### WINNING THE GAME

If you have **12 or more VPs** at any point during your turn, the game ends and you are the winner!
